

# KING CHARLES III ROYAL COATS OF ARMS

Antique Metallic Bronze  
Finish

Antique Metallic Silver  
Finish

For many years a large part of our portfolio has included Royal Heraldry having made hand crafted Queen Elizabeth II's Royal Coats of Arms for organisations throughout the UK and abroad.

With the accession of King Charles III there is a revised design to denote his reign. We are working hard to make the patterns for this design which will be offered in a variety of sizes and finishes.

Also available will be the Royal Scottish Coat of Arms.. We are working closely with the College of Arms and will start work on the patterns as soon as this is released. Do not hesitate to request a quote for either the English or Scottish versions.

Our Coats of Arms are made with detail in relief as the example pictures above and hand painted by our skilled artists who are highly experienced in the art of heraldry. They are frequently used on His Majesty's Government buildings and Embassies abroad.

We offer two versions of the English Coat of Arms ...with or without helmet and mantling .... both of which include the English Lion and the Scottish Unicorn. Contact us for further detail, we are always pleased to chat.

Sizes range from approximately 275 - 1830mm and prices from approximately £600 - £2000

#### Materials and Finish:

Royal Coats of Arms are manufactured using two tried and tested materials.

Cast in solid rigid polyurethane

Cast in GRP - this material is used for the larger sizes to reduce weight. All detail is hand painted using only durable quality paints.

Finishes offered are full colour or metallic.
